WELCOME TO YOUR BIG DAY

Every couple wants their wedding day to be a truly memorable occasion, whether you'd prefer an elegant countryside party by the river, or a glamorous meal in the city flowing with Champagne.

Fuller's wedding venues are located in stunning settings across the South of England, and whatever your dream wedding looks like, we've got a space to suit you and your guests. From cosy, rustic riverside pubs, to listed buildings with a stunning city backdrop, each of our collection of venues has its own unique character, to offer you the celebration you've always dreamed of.

We can cater for your guests' every need with our award-winning selection of drinks, restaurant-quality food made with fresh, seasonal ingredients and, at selected venues, the option to stay with us in a Fuller's Beautiful Bedroom.

Our pubs are also the ideal spot to put a twist on some much-loved wedding traditions: snap the happy couple pulling a Fuller's pint behind the bar, raise a toast with drinks poured straight from a keg of London Pride, or host your speeches in a fairy light-lit garden, or around a roaring fire.

While some Fuller's pubs are known for their wonderful weddings, all our venues are able to host celebrations of all kinds – so if your favourite pub isn't listed in our brochure, get in touch at weddings@fullers.co.uk to find out what we can do for you.

We'd love you to join us as you celebrate your first day together as newlyweds, and our dedicated weddings team is ready to create an occasion you'll never forget.

Many of our pubs are home to Fuller's Beautiful Bedrooms: boutique hotel rooms featuring unique decor, luxury toiletries, and 1600-spring mattresses covered in Egyptian cotton linen. If you choose to host your wedding in one of our Beautiful Bedrooms venues, you might wish to book a room with us too, so you can enjoy every last moment of your celebrations. If your chosen pub doesn't feature accommodation, we may be able to provide you and your guests with rooms nearby, so please ask our team for more information.
